

ENVIRONMENTAL POLICY

Environmental Policy

NorthFox Facilities Services Ltd are specialists in Project Commissioning and Completion Services.

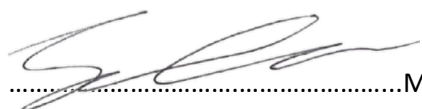

NorthFox Facilities Services Ltd recognizes that its activities may have environmental impacts and that it is NorthFox Facilities Services Ltd's responsibility to manage these impacts in a sustainable way, which makes a positive contribution to their economy, and provides a high level of protection for the natural environment. Equally every employee is responsible for and is trained to perform the duties required by his or her specific role and the requirements of Customer sites. Furthermore, the Company ensures that any sub-contractors employed for a particular function meets specified requirements and accepts the responsibility for their work. The organisation has a policy of continual improvement and setting of Environmental objectives in line with the framework laid down within the ISO 14001:2015 Standard.

The Environmental Objectives are set out to provide best Environmental Practice at NorthFox Facilities Services Ltd.

In this regard NorthFox Facilities Services Ltd commits to:

- Conduct NorthFox Facilities Services Ltd activities and undertakings in an environmentally responsible manner and in compliance with all applicable Environmental Legislation and requirements of Customer sites.
- Take account of Environmental Considerations and Pollution Prevention in all NorthFox Facilities Services Ltd processes.
- Review our environmental objectives on a regular basis to ensure continuous improvement.
- Minimise the production of all wastes as far as practicable, ensure no industrial waste remains on site after completion of operations and dispose of all residual wastes in a safe and responsible manner
- Provide adequate resources to minimise environmental risks and to prevent pollution.
- Minimise significant environmental risks and follow Customer emergency response plans in place to address major environmental hazards responding swiftly to any issues on environmental matters, recording any issues, actions and outcomes.
- Act responsibly in our use of environmental resources.
- Provide the necessary training and environmental awareness to staff and sub-contractors.
- Implement specific customer Environmental requirements and other customer specific requirements.
- This Policy is available to all relevant interested parties and is understood and applied within the Company.

The success of the Companies ISO 14001:2015 Environmental Management System is maintained by the commitment given to it by the NorthFox Facilities Services Ltd Team. The Environmental Management System is monitored regularly and is the ultimate responsibility of the Managing Director.
